

Jacey Pryjma
Chiropractor

Dr Pryjma is a dual-titled paediatric Chiropractor and Director of the Australian Children's Chiropractic Centre (ACCC).

With over 19 years of experience, Dr Jacey has a passion to ensure parents feel heard and supported in their quest to have a fresh approach to health that is drug-free and holistic, to help nurture their children's wellbeing.

Jacey combines her extensive knowledge of children's growth and development with her expert ability to nurture developing nervous systems, thereby impacting health from the ground up.

Chiropractors from around the globe have learned from her seminars and come to train at ACCC thanks to her reputation in paediatric care.
