

Beau Woods
Chiropractor

Beau Woods, MPH, is a Perth-based clinician-author with more than 20 years of clinical experience. He is the director of a group of eight chiropractic practices.

He is an instructor and Research Committee member with Advanced Biostructural Correction Australasia and a PhD candidate at RMIT University, where he is researching musculoskeletal health and rehabilitation systems in Timor-Leste.

Dr Woods has received more than A\$200,000 in competitive grant funding from multiple sources, including the Australian Spinal Research Foundation.
